PROFILE SUMMARY

I am a third-year Computer Science student at the University of Atma Jaya Yogyakarta, passionate about learning and adapting to new technologies. My background in computer science, combined with my enthusiasm for coding, drives me to tackle challenges and find creative solutions. I quickly grasp new technologies, allowing me to stay current and contribute innovative ideas to projects. I am motivated to continuously learn and grow in this field, and I am now seeking industry placement to further develop and apply my skills in a professional setting.
